Curriculum Creator, & Media
Professional with over 15 years
of experience.

SKILLS

- Curriculum & Instructional Design
- Media/Film Production & Technical Proficiency
- Photographer & Videographer
- Strategic Operations

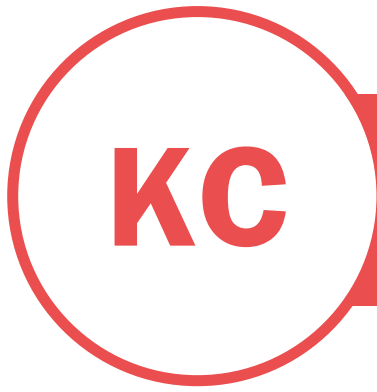

EXPERIENCE

IB MYP/DP INSTRUCTOR • ATLANTA INTERNATIONAL SCHOOL • JULY 2022 - PRESENT

Passionate about fostering creativity and critical thinking through film and media, I teach IB MYP and DP Film, guiding students in storytelling, cinematography, editing, and analysis. Since starting at AIS I have been building the Media/Film program. My role extends beyond the classroom. I mentor students, support advisory groups, and encourage artistic expression through hands-on learning and real-world applications. Committed to preparing the next generation of filmmakers and media professionals, I integrate technology, industry insights, and cross-disciplinary collaboration to inspire innovation and meaningful storytelling. Committed Community Engagement Coordinator as well.

MUSIC/DRAMA/FILM TEACHER • ZIZHU BILINGUAL SCHOOL • AUGUST 2017 – MAY 2020

Developed & implemented engaging curriculum for music, drama and film, fostering a creative and immersive learning environment. I guided students in their English language development while integrating artistic expression through music and performance. My role involved teaching students the fundamentals of music, stage performance, and acting, helping them gain confidence and technical skills through stage plays and short films. Additionally, I assessed student progress, providing constructive feedback to enhance their artistic and academic growth.
